# Practice Transformation Workgroup

PRESENTED BY:

*Louann Villani, RN AHI*

*Brenda Stiles, RN ACO*

A decorative graphic on the left side of the slide consists of several overlapping hexagons in red, yellow, and green. Below these is a green hexagon containing the date 'August 20, 2020'.

August 20, 2020

- **Opening/Welcome** – L.Villani
- **NCQA Updates:** – L.Villani and J.Schwartzman
- **Tracker Grid Updates** – J.Schwartzman
- **Electronic Clinical Indicators** – B.Stiles

**\*Please be prepared for discussion\***

- **Hixny** – All

*Are you using HIXNY with your EMR?*

*If not, what is preventing you from bringing HIXNY into EMR?*

*If you are using HIXNY, are you having any issues?*

- **Open Forum:**

Monthly notification regarding PCMH Tracker Grid

## NCQA PCMH – Annual Reporting

- ✓ Core and NYS requirements must continue to be met even for Annual Reporting sites. NYS requirements are incorporated and denoted into overall program requirements; no longer a separate document.
- ✓ It is suggested that you review both the full program requirements (transforming) and the annual reporting requirements and update policies, workflows, evidence as needed in order to attest appropriately.
- ✓ Submission for recognition is due 11 months from Recognition date (1 month prior to anniversary date).
- ✓ Anniversary date for 2021 is not impacted by the extension granted to NYS Practices due to COVID-19 in 2020. You can submit for 2020 at any time and do not have to wait until the 11/30 extension date. Consider the impact on and timing of your 2021 recognition.

- ✓ Updates to the system within the past month
- ✓ If a physician is board certified you need to be sure you include their ID# and DOB in their profile and indicate if they were a meaningful participant. This may impact MOC credits.
- ✓ Ensure accurate zip +4

- Updated tracker sent to all
- Reminder to be sent on first Monday of the month
- If you need assistance, contact us!

# Electronic Submission of Clinical Indicators

- CMS requirement by 2021 to submit electronically.
- How are you doing this now?
- What will it take to move forward?

- Are you using HIXNY with your EMR?
- If not, what is preventing you from bringing HIXNY into EMR?
- If you are using HIXNY, are you having any issues?

What's on your mind?

How can we assist?

- AHI Website: <https://ahihealth.org/>
  - \*recordings from meeting are there
- AHI COVID Newsletter – Monday's
- ACO Newsletter
