KEEP NEW YORK COVERED

Important changes are here!

If you or a family member have New York Medicaid, Child Health Plus, or the Essential Plan health insurance, you may need to take action to renew your coverage <u>even if you didn't previously have to</u>. This is because new rules have taken effect since the end of the COVID-19 Public Health Emergency.

Renewal deadlines are based on individual enrollment month-by-month, so it is important to know when your health insurance is set to end. If you are not sure when your coverage is due to be renewed, call us – we can help!

Essential Plan:

NYSOH has expanded its Essential Plan to make it available to more New Yorkers. And starting in 2025, out-of-pocket expenses for pregnancy and post-partum care and for specific diabetes-related services will be eliminated for Essential Plan enrollees.

Qualified Health Plans:

There are new Cost-Sharing Reductions on Silver level QHP plans! Plus, Bronze, Silver, Gold, and Platinum plan benefits now feature zero copays for most pregnancy-related and diabetes-related services!
